Sanchi Luthra

Analyst - Pharmacoeconomic Modelling at IQVIA

West Delhi

Summary

Heading towards the bigger goal, looking at the bigger picture, working for the bigger smile.

Experience

IQVIA

Analyst - Pharmacoeconomic Modelling

July 2019 - Present (1 year 2 months)

Gurgaon, India

MRC Yoga CaRE Clinical Trial

Research Intern

September 2018 - November 2018 (3 months)

New Delhi Area, India

Cardiovascular Risk Factors among Acute Myocardial Infarction Patients with and without Co-morbid Diabetes Mellitus - Yoga-CaRe Trial. My work involved conducting a systematic review of the studies(RCTs) with exposure as yoga therapy in Cardiovascular disease patients. All the data collected will be pooled for a meta-analysis eventually.

KarmaSpark Yoga HealthCare

Clinical Research Intern

June 2018 - July 2018 (2 months)

Gurgaon, India

KarmaSpark is a health care startup, a pioneer in curing PolyCystic Ovarian Syndrome(PCOS) with Clinical Yoga therapy(CYT). My work here involved structuring a clinical research approach to streamline the CYT patient data and enable interfacing with external research institutions for a clinical trial on the same lines.
